

Stay at Work/Return to Work Program Policy

Coral Beach Farms is committed to providing a health and safe workplace for our workers. Preventing work-related injuries and illnesses is our primary goal.

The Stay at Work/Return to Work Program provides opportunities for a worker who is injured on the job to return to work at full duty. If the worker is not physically capable of returning to full duties, the program provides opportunities to perform the regular job with modifications, or, when available, to perform alternate temporary work that meets the workers physical capabilities. The Stay at Work/Return to Work will be individualized for each employee and supported by medical documentation.

Alternate/modified jobs will be productive and valued work which can be performed safely.

It is recognized that this Stay at Work/Return to work program will not cover all circumstances.
