

## TRANSPORTATION OF WORKERS POLICY 2019

The management of Coral Beach Farms Ltd is committed to the safe transportation of workers at all times.

We are familiar with the requirements of Parts 16 and 17 of the Occupational Health and Safety Regulation, and expect everyone in this workplace to follow these requirements at all times.

We have established a schedule of routine maintenance for our worker transportation vehicles, and can assure you that these vehicles will be kept in safe working order or they will not be used.

We are confident that anyone driving our worker transportation vehicles is competent, and appropriately licensed.

We have adopted safe work procedures for pre-trip inspections, safe loading, and driving practices. All drivers are expected to follow our safe work procedures at all times.

We do not approve or allow unsafe practices like overloading or speeding. All workers are expected to wear seatbelts at all times while being transported.

Please report any hazards or concerns to a supervisor without delay.
